

Introduction

My name is John S. Oliver and I am the founder of **Four Bridges Ministry** www.fourbridges.org

This eBook is addressed to the volunteer advisors and paid consultants of **Four Bridges Ministry (4b)**. I am seeking their comments, suggestions and questions. All inputs will be carefully considered. These will contribute to improvements in the form and contents.

Intercessors will be invited to read this document and requested to pray over it.

Major donors will be referred to this document to assure them that their contribution will be used wisely.

This document is a collection of many short presentations that were prepared over the course of 5 to 7 years. There were different purposes and audiences. So it does not read in a fluid manner. Yet there is a common core message that is repeated. And the small units will be used in various settings on the web or as email attachments.

You may visit these two web sites to better understand the background www.osuonline.org and <http://ears2hear.homestead.com>

This presentation has a few summary items related to me in terms of mission, passions, testimony and priorities. And here is a web page that has links to much more http://fourbridges.org/Founder_JS.html

Note that on the cover page that this is version 1.0. That is like the numbering used with releases of software programs. There will be minor and major changes in the coming months. And with each revision another number will be assigned.

The chief aim of this document is to begin to enroll the Launch Team of intercessors, advisors and donors. We will work together to develop a dynamic document called the Blueprint. Much collaboration will be used to create, revise and update this online guide.

The next three steps are 1) to put this document with other PDF files on a new web site and begin to enroll volunteer advisors to recommend improvements, 2) share this with possible paid consultants who will offer quotes to use their management, marketing and web services and 3) invite major donors to contribute to the payment of the consultants fees. The further steps are presented on page four of the following document under the name Milestones.

The goal is to launch the web platform early in January of 2006. In order to accomplish that the Strong Start Capital Campaign will raise 40K with 10K going to 1) Consultants, 2) Web Development, 3) Hardware and Software and 4) Initial Payroll.

Your prayers are needed and appreciated at this time.

You are invited to share this presentation with prospective intercessors, advisors and donors.

THANKS.
