

# Four Bridges Purposes

## ARCHITECTURE

Design structures that are  
functional  
uplifting

## EDUCATION

Train and develop people's  
mind  
character  
knowledge  
skills  
Help them to  
broaden their horizons  
deepen their understanding

## ENGINEERING

Design, construct and manage  
works which will  
serve to improve people's quality of life

## INFORMATION SERVICES

Provide people with  
information they need  
to make informed and effective decisions  
in an easy to use and readily available form

## PHILOSOPHY

Challenge people to think  
of the deep and fundamental issues of life  
Encourage them to examine their beliefs  
and the effect that holding these ideas has upon themselves and others

## PSYCHOLOGY

Help people to better understand their  
minds  
emotions  
motivations  
drives  
desires  
Help them to unlock the power of their minds and emotions  
to achieve their highest potential

## RELIGION

Minister to people's spiritual needs  
Help them to discover  
Who they are  
What it is to be  
How to be free

## TECHNOLOGY

Design, manufacture and promote technological advances.  
Which will help people to achieve a  
happier, richer, more productive lifestyle
